## Message from the Headteacher

Dear Parents and Carers

We are very excited to announce this week that we have started the process of remodelling our library. This is an exciting project and will become a brilliant learning space for all children over the next few weeks. As part of this process we will be ordering new books and parents will be provided with a clear structure of levels throughout the school. As a result the library may be closed over the next week but please continue to read daily at home. Children are still able to borrow books from their classrooms.

Next week all parents have the opportunity to visit their child's class and teacher on Monday 22<sup>nd</sup> and Thursday 25<sup>th</sup> from 8:45 – 9:15am. Last term this was a fantastic success and feedback suggested that everybody benefited. The children will be extremely excited to welcome you into their classrooms and look at all their work with them. It will also give you a chance to become more familiar with your children's targets and age expectations. We look forward to seeing you. Thank you for your continued support.

## Eye Tests

All children under 16 qualify for an NHS voucher which entitles them to a free eye test. In addition to this, if your child needs glasses they will also qualify for an NHS voucher that enables them to choose free glasses from a selected range. Visit your local Opticians to find out more and book an appointment. Please make appointment times after school finishes.

## Year 5 SATS Workshop

On Friday 26<sup>th</sup> January, we will be holding a Year 5 SATS workshop in the Assembly Hall starting 9:00 – 10:00am. Although Year 5 children will not sit their SATS until the summer term of 2019, this will be a fantastic opportunity to come and work alongside your children and help you understand the expectations required.

## School Meal payments

A reminder that all School meals for children in Year 3 and higher must be paid for in advance. Meals costs £2.20 per day and it is advised that if your child has a meal everyday then you should pay £11 at the start of the week to the School Office.

## Learning at home

Homework is useful to improve children's thinking and memory and to develop positive study skills. It also teaches your child/ren to work independently and use their time wisely. Please encourage your child/ren to practise their learning, by completing their homework at home.

You can also get involved with your children's learning at home by; continuing to Read with your children, Practising Spelling and the Times Tables.
